South Asia's largest water event – EverythingAboutWater International Exhibition & Conference program was back in Chennai this year to celebrate its 10 years of being the most respected platform for water & wastewater management. Being held from 28 February to 2 March at Chennai Trade Centre, the exposition saw one of the largest gatherings of stakeholders of the water industry. Being true to its claim of being South Asia's largest water event, the exposition saw a commendable amount of international participation from world class organizations like Japan Sewage Works Association (JSWA); Mekerot, Israel; AO Smith, China; AQ & Q, Taiwan and many more.

Organized by EA Water Pvt. Ltd. and co-organized by ASSOCHAM India, the event was supported by note worthy organizations from the water fraternity like The American Academy of Scientist & Engineers, The Indian Membrane Society, Indian Environmental Association, Indian Desalination Association, Indian Water Works Association and also from trade organizations like The Madras Chamber of Commerce & Industry and the Tamil Chamber of Commerce.

Few Exhibitors

Exhibitors Speak

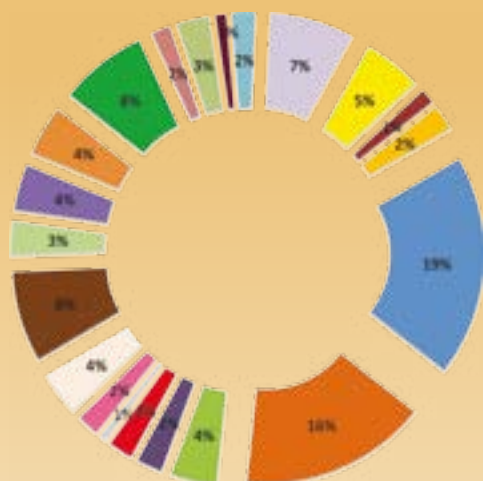

“The 10th EverythingAboutWater proved to be an excellent platform for networking. We will surely be a part of the next year event.”- **Dr. Partha Chakravarty, McNally Bharat Engineering Co. Ltd.**

“The only show in India with international standards ”- **Mr. Shyam Naraya, CXL Titon Electronics Pvt. Ltd.**

Few Delegates

- Wastewater Treatment OEM's and System Integrators
- Textile
- Sugar
- Refineries
- Pulp & Paper
- Power Plants
- Pharmaceutical
- Leather & Tanneries
- Hotels & Hospitals
- Government
- Food & Beverages
- Embassies & Trade Consultants
- Electronics
- Education & Research Institute
- Consultants
- Component Manufacturers
- Cement
- Automobile
- International Visitors
- Others

Show Highlights

One-2-One Meetings

This unique platform was used for direct interaction by visitors and exhibitors alike, with pre fixed meetings. Being held across the three days of the event, the one-to-one meetings proved to be a major success with companies like Arpol (a Spanish concern) attending nine meetings with VA Tech Wabag, Mecon Ltd, Hisbaam Enterprise etc. Other participating organizations were Metso Automation, Kerela Water Supply Board, Hyderabad Water Supply Board, Adani Power and few more.

Product Launch Zone

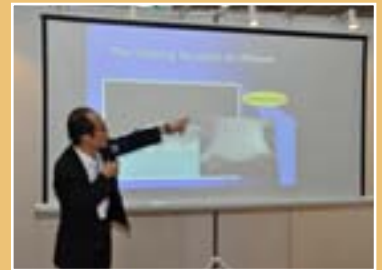

Product Launch Zone was a powerful platform for global manufacturers for displaying their new product ranges. It saw participation from UL India, Austrade, Crompton Greaves, Fontus, Kent RO, Protosa , Aventura and few more.

EA Water Forum

The EA Water Forum is a value added service that acts as a platform for visitors to interact with exhibitors to gain technical and product insights. Few of presenters in the forum were- Jason ZHAO from Poten Enviro, Dr. TNVV Rao from UL India, Ajit Joshi from Forbes Marshall, Yosuke Matsumiya from Japan Sewage Works Association and Mr. Cristion Tesi from SEKO.

Conferences & Training Program

The 10th EverythingAboutWater Conferences & Training Programs brought the best of the experts, trainers and delegates under one roof. Studded with the best of speakers and experts in water management from around the world, these conference & training programs saw key experts like Mr. Peter Cartwright, USA, Mr. Steve Wheeler, UK, Mr. Chip Harris, USA among few other trainers and delegates from the Government and Public Health Departments, system integrators and OEMs, senior operation and project managers from Industries, Consultants and Contractors etc.
